React Native Developer with 3+ years of experience, skilled in TypeScript and Expo for building scalable cross-platform applications.

TECHNICAL SKILLS

Programming Languages: JavaScript, TypeScript

Frameworks and Tools: React Native (Expo & non-Expo), React.js, Node.js, Firebase, Redux, Zustand, React Query, Axios, GitHub, GitHub Actions

Concepts: Cross-platform Mobile Development, RESTful APIs, State Management, CI/CD, Real-time Data Sync, Agile Development

EXPERIENCE

Vasundhara Infotech

July 2022 – Present

React Native Developer
Surat, Gujarat

- Developed and deployed 10+ cross-platform mobile apps (iOS & Android) using React Native and Expo.
- Led full app lifecycle: architecture, development, testing, and deployment.
- Integrated RESTful APIs, managed local storage, and optimized performance.

PROJECTS

Champion Spirit – Gym App - [[Play Store](#) | [App Store](#)]

Technologies: React Native | Expo | TypeScript

- Luxury fitness & wellness app enabling users to find studios, explore trainers, book classes, and manage memberships
- Built with React Native (Expo), TypeScript, Firebase, React Query, Zustand, ensuring cross-platform scalability and reliability
- Enhanced with CI/CD pipelines, push notifications, real-time updates, map integration, credit system, and in-app chat

Vinea – CME Platform for Healthcare Professionals - [[Play Store](#) | [App Store](#)]

Technologies: React Native | TypeScript

- Application for healthcare professionals to manage CME/MOC credits, state licensing, and compliance tracking
- Implemented features such as AI-driven course recommendations, microlearning modules, secure document uploads, and credit dashboards.
- Integrated RESTful APIs, Firebase Authentication, and Firestore for real-time data storage and secure login.
- Followed industry best practices for performance optimization, error handling, and code maintainability.

Deemit – Deals & Events App - [[Play Store](#) | [App Store](#)]

Technologies: React Native | TypeScript

- Deals & events platform helping users discover local offers, redeem via QR/barcode, and support community fundraisers
- Developed with React Native Redux, Axios, supporting Google Calendar reminders and push notifications
- Added features like interactive maps, QR/barcode scanning, in-app payments, and real-time redemption tracking

Fetan Gift – Gift Card App - [[Play Store](#) | [App Store](#)]

Technologies: React Native | TypeScript

- Built with TypeScript and Redux for efficient state management and scalable architecture
- Integrated PayPal payment gateway for secure and seamless transactions
- Achieved 1,000+ downloads on Play Store, demonstrating adoption and positive reception

Other projects

Technologies: React Native | Javascript | TypeScript

- [NoireTV](#) – OTT/News app with in-app payments, program reminders, multilingual support (13 languages), and media player
- [Phillips](#) – OTT app for streaming movies and shows

EDUCATION

SDJ international college

Nov '19 – Feb '22

Bachelor of Science in Computer Applications (CGPA: 7.40)
